• Instruc tor: Dr. Mikyoung Jun  
  – Email: mjun@stat.tamu.edu  
  – Phone: (979) 845-3141  
  – Office: BLOC 406C  
  – Office hours: TBA  

• Teaching Assistant: Jaehong Jeong  
  – Email: durlcel@neo.tamu.edu  
  – Phone: (979) 845-3141  
  – Office: BLOC 422  

• Lab sessions: Thursday 5-7 PM, Friday 3-5 PM, Sunday 3-5 PM in BLOC 457. This session is supposed to help you with homework using StatCrunch and any material related to the class. It is not mandatory to attend this session although it is highly recommended.  

• Prerequisites: MATH 152 or 172  

• DoStat: http://dl.stat.tamu.edu/dostat  
  This page contains online homework and you need to access this page regularly throughout the semester. For the first time, you need to register by creating username and password (of your choice). After logging in, click on “Course” and then click on “add course”. You will need “course reference” number (leave “registration code” blank). The course reference number is “DS-360”. It is your responsibility to register for this website on time (do this by the end of the first week). Send me emails if you have trouble registering or adding courses.  

• Course webpage: http://stat.tamu.edu/~mjun/stat211_f10.html  
  This page contains important announcements, lecture notes and more. You should visit this page regularly.  

• Statistical Software: we will use StatCrunch to do statistical analysis. You will find a link to StatCrunch on DoStat page.  

• Course Content: Descriptive statistics, Introduction to probability and probability distributions, discrete and continuous random variables, sampling and descriptive measures; inference and hypothesis testing; simple linear regression and analysis of variance.  

• Textbook: Electronic version of Miller and Freund’s Probability and Statistics for Engineers (8th edition)  

• Grade: Your final grade will be calculated as the following:  
  – Homework assignments (25%): Your homework assignments for STAT 211 will be online, using DoStat. You should try DoStat and report me any problems as soon as possible. It is your full responsibility to fully understand how this online homework system works.  
  – Mid-term exams (50%): 2 exams @ 25% each. All mid-term exams are closed book exams. Midterm 1 will be given on Oct 7, 2010 and Midterm 2 will be on Nov 4, 2010 (during regular class time).
– **Final exam (25%)**: Closed book and Comprehensive. The final exam will be on **Dec 15, 2010 1-3 PM**. This date has been determined by the university and cannot be changed.

– **Grades distribution:**
  
<table>
<thead>
<tr>
<th>Score Range</th>
<th>Grade</th>
</tr>
</thead>
<tbody>
<tr>
<td>90-100</td>
<td>A</td>
</tr>
<tr>
<td>80-89</td>
<td>B</td>
</tr>
<tr>
<td>70-79</td>
<td>C</td>
</tr>
<tr>
<td>60-69</td>
<td>D</td>
</tr>
<tr>
<td>Below 60</td>
<td>F</td>
</tr>
</tbody>
</table>

• **Class Attendance Policy**: I strongly urge you to attend lectures as much as you can. The notes provide you info about what will be covered in class. To keep the class interesting, problems and examples will be worked out and explained in class. Your class participation will also play a role in the grade decision if your grade is on the boundary. Please see the University regulations about excused absences.

• **Make-up Policy**: If you miss any of the exams due to non university excused reasons, you will get 0 point. For absences approved by university, please refer to Rule 7 at [http://student-rules.tamu.edu/](http://student-rules.tamu.edu/) (note that there are some recent changes to Rule 7). The Course Instructor must be notified of the absence as soon as possible. If the absence is approved, then the final exam grade will be used as the grade for the missed midterm exams, that is, the final exam will be worth 50% of the course grade. There will be absolutely NO make-up exams.

• **Classroom Policy**: I do not tolerate disrespectful behaviors during each lectures. People reading newspapers, doing homework, playing with laptops, chatting with other students, and any other behaviors that may disrupt your instructor and fellow students may be asked to leave the classroom at any time. Please show respect to the instructor and your colleagues during the lectures.

• **STATEMENT ON DISABILITIES:**

  The Americans with Disabilities (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation for their disabilities. If you believe you have a disability requiring an accommodation, please contact the Office of Support Services for Students with Disabilities in Room 126 of the Koldus Student Services Building. The phone number is 845-1637.

• **COPYRIGHT NOTICE:**

  The handouts used in this course are copyrighted. By "handouts," I mean all materials generated for this class, which include but are not limited to syllabi, quizzes, exams, lab problems, in-class materials, review sheets, and additional problem sets. Because these materials are copyrighted, you do not have the right to copy the handouts, unless I expressly grant permission.

• **STATEMENT ON PLAGIARISM:**

  The handouts used in these courses are copyrighted. By “handouts”, I mean all materials generated for these classes, which include but are not limited to syllabi, quizzes, exams, lab problems, in-class materials, review sheets, and additional problem sets. Because these materials are copyrighted, you do not have the right to copy the handouts, unless I explicitly grant permission. As commonly defined, plagiarism consists of the passing off as one’s own ideas, words, writings, etc., which belong to another. In accordance with this definition, you
are committing plagiarism if you copy the work of another person and turn it in as your own, even if you should have the permission of that person. Plagiarism is one of the worst academic sins, for the plagiarism destroys the trust among colleagues without which research cannot be safely communicated. If you have any questions regarding plagiarism, please consult the latest issue of the Texas A&M University Student Rules, under the section "Scholastic Dishonesty".

- **Academic Integrity Statements:**

  "An Aggie does not lie, cheat, or steal or tolerate those who do."

  Information about the Honor Council Rules and Procedures can be obtained at the web site: [http://www.tamu.edu/aggiehonor](http://www.tamu.edu/aggiehonor). If an instructor encounters a student cheating or not abiding by university rules then it is mandatory that the instructor report the student to the Aggie Honor System Office: complete information at [http://www.tamu.edu/aggiehonor](http://www.tamu.edu/aggiehonor).

I read the entire course syllabus thoroughly and will obey the policies of this course throughout the semester.
